

BYOD DEVICE SPECIFICATIONS

Please Note:

The DEC wireless network installed in high schools only operates on the 802.11n 5GHz standard.

Devices with 802.11a/b/g or 802.11n 2.4GHz only **will not** be able to connect.

Ask this question **before** you buy a device for BYOD:

“The NSW Department of Education has a 5GHz (n) wireless network that uses a full range of channels. Will this device connect on all channels in the 5GHz range?”

DO NOT purchase a device for BYOD **UNLESS** the answer to this question is **“YES”**.

Device operating system	Windows laptop	Mac laptop OS X 10.7 or higher	Windows Tablet	iPad Tablet iOS 6.0 or higher
Wireless	5GHz 802.11n	5GHz 802.11n	5GHz 802.11n The cellular model is not supported	5GHz 802.11n The cellular model is not supported
Minimum battery life	6hrs minimum	6hrs minimum	6hrs minimum	6hrs minimum
